Dear Eddie

I am enclosing the final payment for the work carried out on our bathroom.

We would just like to thank you and all of the tradesmen who worked so hard throughout the week for doing such a fantastic job!

Everyone was so friendly, hardworking and what we thought was going to be a huge inconvenience and upheaval turned out a lot easier than anticipated, thanks to your consideration and attention to detail.

We really did appreciate your "not a problem" attitude when hitches arose.

It was great to get the whole job co-ordinated so well and the place left clean and tidy and the end of each day.

Once again, thanks. We would not hesitate to recommend you to others.
