Dear Abertay,

Thank you for making the process of installing a new bathroom at the above premises hassle free.

From the design to completion everyone associated with the project was polite and courteous. All the tradesmen turned up on time and only left after cleaning up behind themselves. The whole job took only 5 days whereas if I had tried to either oversee the project or attempt to do any of the jobs myself I would still be working months from now. The quality of the workmanship is excellent and the attention to detail shown by all was simply the best.

My sincere thanks to all from Jim (Design & Pricing), Eddie the main man, David the youngster, Fred the tiler & also the joiner (sorry I couldn't remember his name but I can amend this letter to include it at a later date).

Yours faithfully

Bruce Ritchie
