24th March 2010

Dear Eddy,

We are writing to thank you for the work recently carried out in our home and the transformation you and your company have achieved!

We would also like to congratulate your team, both in your showroom and on site and thank them for the friendly, courteous, professional and efficient way in which they carried out the work and for all the expert help and advice we received along the way, and may we assure you that we would have no hesitation in recommending your company in the future.

Yours sincerely,

Les & Maggie Silver.
